

Grinder Models:

EF - 30LR
EF - 50LR
EF - 60LR

Common Applications:

Pallets / Crates
Particle Board
Blocks / End Cuts
Rippings

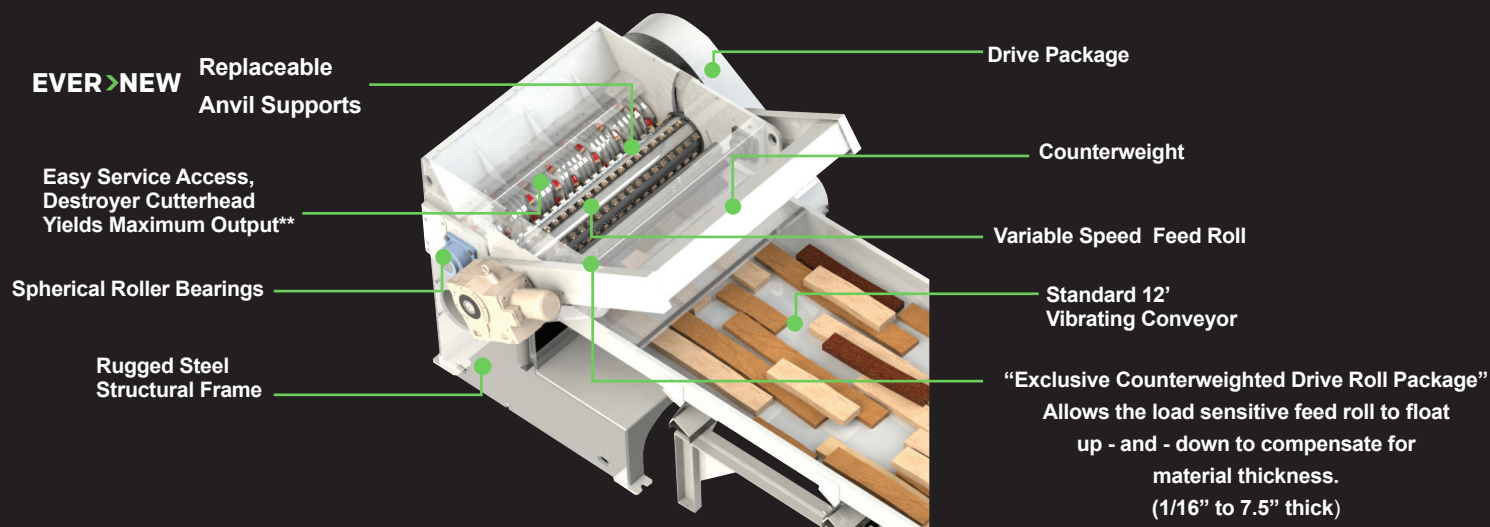

HARDWORKING AMERICAN-MADE MACHINERY

EVER>NEW
TECHNOLOGY

Cresswood's exclusive Ever New Technology allows for replacement of all key wear items to bring your machine back to like-new standards.

The EF-30LR, EF-50LR, and EF-60LR make up the rugged family of Cresswood Destroyer horizontal grinders that can handle thick blocks, rippings, pallets, crates, particleboard, and CNC skeletons. The added climbing height of the feed rollers of these machines allows for blocks or slabs up to 7.5" thick to be processed. The EF-30LR is ideal for sawmills, furniture manufacturers, and companies looking to dispose of cants or slabs. The EF-50LR and EF-60LR have the same capabilities as the EF-30LR, but have the added benefits of grinding pallets and other wood scrap wider than 30".

Specifications	EF - 30LR	EF - 50LR	EF - 60LR
HP	60, 75	60, 75, 100	75, 100, 125
Infeed Conveyor	12' Vibrating	12' Vibrating	12' Vibrating
Grinding Head Diameter	16"	16"	16"
Grinding Head Length	30"	50"	60"
Grinding Head Speed	400-600 rpm	400-600 rpm	400-600 rpm
Number of Cutter Teeth	42	90	108
Floor Area of Unit	60" x 168"	81" x 190"	97" x 190"
Input Capacity	7.5" x 30"	7.5" x 50"	7.5" x 60"
Frame Thickness	3/4"	3/4"	1"
Shipping Weight	7,500 lbs.	8,500 lbs.	10,000 lbs.

*Specifications are subject to change

*** The output of these machines can be optimized for your application by selecting different screens, amount of cutter teeth, cutter teeth placement, and rotor selection.
